Founded in 1868 as „Pflügers Archiv für die gesamte Physiologie des Menschen und der Tiere" by *E. F. W. Pflüger*. Edited by *M. Verworn, E. Abderhalden, A. Bethe, R. Höber, A. v. Muralt, H. Rein* et al.

Published: Vol. 1—29 (1876) Bonn, Cohen und Sohn; Vol. 30—92 (1901) Bonn, E. Strauß; Vol. 93—170 (1917) Bonn, M. Hager; since Vol. 171 (1918) Berlin, Springer.

Since 1920 Pflügers Archiv has included: „Archiv für Physiologie" (Archiv für Anatomie und Physiologie, Physiologische Abteilung). Founded and edited by Johannes Müller, E. du Bois-Reymond, W. v. Waldeyer-Hartz et al. 1877—1914. Leipzig, Veit und Co., since 1915, Berlin, Vereinigung Wissenschaftlicher Verleger, afterwards Walter de Gruyter.

NEW FROM ISI®

INDEX TO SCIENTIFIC & TECHNICAL PROCEEDINGS™

There has never been an effective way to search the proceedings literature. Until now.

Now, ISI introduces the Index to Scientific & Technical Proceedings—the first multidisciplinary tool to conference proceedings and the individual papers published in them—the effective answer to the problem of searches in the proceedings literature.

Current and Comprehensive . . .

ISTP™ indexes 3,000 proceedings annually—over 80,000 individual papers—from conference proceedings published in book form and in the journal literature. Broad coverage includes: life sciences • clinical medicine • engineering and applied sciences • physical and chemical sciences • biological, environmental and energy sciences. **ISTP** is issued monthly and cumulated twice a year, so you get the index to proceedings shortly after their publication.

. . . and Effectively Indexed.

An unequaled system of indexes offers you effective searches with a minimum of starting information. You can locate complete entries of proceedings and papers—in an easy-to-read contents page format—with just a speaker's name . . . a sponsor . . . even a speaker's organizational affiliation. Or by conference topic, title words, or geographical location. And you get all the data you need to order books or request interlibrary loans. You even get first authors' addresses for reprint requests.

ISI's Index to Scientific & Technical Proceedings offers an effective new approach to locating the scientific and technical information in conference proceedings. Subscriptions will begin in 1978, at $500 annually. Use the coupon below to enter your order today.
